Hi,

Slowly getting the hang of this, gosh what a slow process.

**SEMs #s 1559242, 1559243, 1559244 and 159245 added 2 more documents to ExpressLink**

Added these 2 today and they are in routing to Richard Sisk.

ExpressLink # 50724-1139 Presentation about the Ecological Risk Assessment (PDF)(71 pp, 4 MB, April 2015)

Just curious why the BERA et al is just four SEMS numbers. There is a fact sheet and a presentation as well as the four pieces of the BERA.
